ConnectorCare Coverage: Updates and Eligibility

Payment Help You Can Get through the Health Connector

Advance Premium Tax Credits (APTC)

- APTC lower the premium amount you pay each month
- The IRS sends your tax credit directly to your insurance company, so you'll pay less each month
- You can apply some or all your tax credit to your monthly premium payment

ConnectorCare Program

- Uses federal advance premium tax credits (APTC) plus MA state funds to help reduce the monthly premium amount you pay
- Has low monthly premiums, low out-of-pocket costs, and no deductibles

ConnectorCare Program Changes

Due to federal policy changes, there are two major impacts to the ConnectorCare program for Plan Year 2026:

ConnectorCare Plan Type 1 will be eliminated

- Individuals and Families with incomes under 100 percent of the federal poverty level (FPL) will no longer be eligible for advance premium tax credits (APTCs) starting on January 1, 2026

ConnectorCare Plan Type 3D will be eliminated

- ConnectorCare eligibility includes a requirement that individuals are also eligible for APTC. The current federal enhanced APTCs are set to expire at the end of 2025
- If these enhanced APTCs do not continue, APTCs will only be available for individuals earning up to 400 percent of the federal poverty level. Therefore, ConnectorCare Plan Type 3D will be eliminated. **Visit [Updates – Massachusetts Health Connector](#) to stay informed about Federal changes**

Coverage for Students

Massachusetts law requires students enrolled at least 75% full-time to have health insurance that meets state and federal standards.

3 Ways to Stay Covered:

- Stay on parents' coverage (if under the age of 26)
- Enroll in your Student Health Insurance Plan (SHIP)
- Apply for Coverage through the Health Connector

Important Notice:

If you choose to waive your Universities or colleges SHIP with the ConnectorCare Plan Type 1 coverage, starting **January 1st, 2026**, your coverage will end. This will allow you the opportunity to apply for the SHIP program.

Health Savings Account (HSA)

For the first time in 2026, Health Savings Accounts (HSAs) can be used with all individual plans on the Health Connector's Bronze tier and Catastrophic plans.

HSAs let people set money aside to help pay out-of-pocket health care costs through an account that lets them save money at tax time. Most larger banks and personal finance companies offer quick and easy HSA options with information about how to deduct HSA contributions at tax time.
