Overview of the Massachusetts Health Connector

What is the Health Connector?

What is the Health Connector?

The Massachusetts Health Connector is the State's health insurance Marketplace. It offers individuals, families, and small employers access to affordable health insurance coverage.

- People who don't get health insurance through their job or other sources may apply
- Many people who apply qualify for help paying
- People can also buy dental insurance through the Health Connector

Health Connector Plans

All the plans sold through the Health Connector meet state and federal standards for coverage

Qualified health and dental plans

Choose from a variety of plans in your area from the leading insurance companies in Massachusetts

Catastrophic plans

Available to those under 30 or with a hardship exemption

Health plans with Advance Premium Tax Credits (APTC)

People with incomes in a certain range can qualify for tax credits to reduce their cost of monthly premiums

Dental plans

For individuals, children, families, and small employers; including pediatric-only plans and plans with lower and higher deductibles

ConnectorCare plans

People in lower income ranges who meet other eligibility requirements may qualify for low- or no-cost health insurance coverage

The American Rescue Plan

The American Rescue Plan, signed into federal law in March 2021, makes financial help with health insurance available to many more people.

Most people who already get help paying for insurance through the Health Connector may now save even more.

Many people who did not qualify for help will now see lower monthly premiums.

Benefits of the American Rescue Plan

More help paying for monthly premium costs through the Health Connector

- People whose income may have been too high to qualify in the past may now be eligible
- Instead of an income limit for financial help, help will be based on affordability. Tax credits (APTC) that lower the monthly cost of plans will be available for people at any income level if plans cost more than 8.5% of their income
- People who qualify can only get these savings if they enroll through the Health Connector
- A new tool that lets you preview the plan costs you may qualify for is now available
<https://betterhealthconnector.com/get-an-estimate>
- More help for those who have been on unemployment income during 2021 when they get their coverage through the Health Connector.
- *Coming soon:* People who received unemployment income at any point in 2021 will have access to low or no-cost ConnectorCare health plans

Benefits of the American Rescue Plan (*cont'd*)

New help paying for COBRA

- The American Rescue Plan includes help with COBRA payments to make their monthly cost \$0. This \$0 monthly cost will be available from April through September 2021
- For some people, it may be best to keep or enroll in COBRA. For others, it may be better to enroll through the Health Connector
- When help paying for COBRA ends in September, people who chose to take COBRA will have the option to enroll through the Health Connector. Losing help paying for COBRA will be a qualifying event that lets you enroll outside of the Open Enrollment period

1

Overview of the Massachusetts Health Connector

When can you enroll?

Extended Open Enrollment is Ending

Open Enrollment is the time when you can apply for new coverage for the coming year or renew your coverage or shop for a new plan.

- The Health Connector's Open Enrollment is usually from November 1 through January 23. **It is currently extended through July 23rd.**
- For all Health Connector plans, your health or dental coverage can start as early as the first day of the month after you enroll
 - If you need coverage sooner, apply right away. You may find you qualify for MassHealth

2

Getting coverage through the Health Connector

Applying for coverage

What should you know about applying?

Here's what to know:

- There are 3 ways to apply:
 1. Online at MAhealthconnector.org (Spanish: mahealthconnector.org/es/)
 2. By phone
 3. With the help of a partner community organization or health center
- There is **one** application to find out if you qualify for coverage through Health Connector, including help paying for coverage or for coverage through MassHealth (Medicaid)
- You will get letters from Health Connector and MassHealth that tell you your next steps

What do you need to apply?

You will need:

- Social Security numbers for everyone applying, if they have one
- Immigration documents for all non-U.S. citizens who are applying, if they have one. Learn more about [immigration documents](#)
- Recent pay information, if you have it, such as:
 - Copies of your last two pay stubs
 - Your unemployment amount (monetary determination) if you are collecting unemployment
 - Information about your current income
- If you don't have all the information above give us what you have, and we'll send you a letter asking for more information if we need it

How do you enter income if you're unemployed?

When you complete an application, you'll be asked about your current income and your estimated income for the year.

- Enter your current income as it is right now, including unemployment income
- Then enter your expected yearly income based on what you think you'll make over the course of the year
- When entering your yearly income:
 - Consider how much you earned so far this year
 - Add any unemployment, including any extra dollars per week you may be receiving
 - If you think you will be returning to work later this year, include what might be earned
- If your income changes later, update your income information so it is as correct as possible

Keep your income and application up to date

- Remember to update your income if your employment situation changes.
Keeping your income information as accurate as possible helps make sure you:
 - Get the right amount of help paying for health and dental insurance
 - Have a lower risk of owing money to the IRS when you file taxes next year
- If you get Advance Premium Tax Credit (APTC), you can always adjust the amount you take by clicking on the Change Tax Credit link from the Find a Health Plan page of your application
 - If you adjust the slider tool to take **less** APTC, your monthly premium would be higher, but you might owe less to the IRS when you file your taxes

2

Getting coverage through the Health Connector

Getting help paying

There are two kinds of help paying you can get through the Health Connector

Advance Premium Tax Credits (APTC)

- Lowers the premium amount you pay each month
- The IRS sends your tax credit directly to your insurance company, so you'll pay less each month
- You can apply some or all your tax credit to your monthly premium payment

ConnectorCare Program

- Uses federal Advance Premium Tax Credits (APTC) + MA state funds that help reduce the premium amount you pay each month
- Has low monthly premiums, low out-of-pockets costs, and no deductibles
- Depending on the plan type you qualify for, you could choose a plan for as low as \$0 up to \$133 per month (see slides at end of presentation)

What are the income guidelines to get help paying for coverage from the Health Connector?

Household size	ConnectorCare (State + Federal help) 300% FPL	APTC (Federal help) 400% FPL
1	\$38,280	\$51,040
2	\$51,720	\$68,960
3	\$65,160	\$86,880
4	\$78,600	\$104,800
	<i>For each additional person add \$13,440</i>	<i>For each additional person add \$17,920</i>

- The American Rescue Plan removes income limits for APTC help with premiums
- By May 2021, people with income greater than 400% FPL may qualify for APTC
- Instead of an income limit, people will qualify for APTC based on affordability. APTC will be available to lower the monthly cost of health plans so they are not more than 8.5% of people's income

Getting coverage through the Health Connector

Choosing a plan and enrolling

How do you choose the right plan?

Once you know what you qualify for, your next step is to shop for a plan.

- The Health Connector has tools where you can enter your provider and medication preferences to find plans and pricing
- Before applying you can:
 - Compare plans based on provider and medication preferences using the [Plan Comparison Tool](#)
 - Find pricing from leading Massachusetts insurance companies with the “Preview Plans” button on the [application home page](#)
- Those who qualify for ConnectorCare won’t see cost savings displayed from this tool

From your online application, enter “Your Preferred Providers and Facilities” and “Your Prescription Drugs” to compare your plan choices.

*When you see a star (*), you must complete the field.*

Our Plan Finder Tool can help you find a health and/or dental plan that meets your needs. If you want help finding a plan, select "Yes, I want help finding a plan" to include the following in your plan search:

 **Your Preferred Providers and Facilities**

This tool shows which health and/or dental plans accept your preferred providers (such as doctors and dentists), facilities (such as hospitals and health centers), or both.

 **Your Preferred Prescription Drugs**

This tool shows which health insurance plans cover your prescription drugs (medications).

 - Links to the application (for new applicants interested in lower premiums)
 - Enrollment deadlines
- Going forward, it will include:
 - Information about upcoming public webinars
 - Links to other relevant updates
 - New Premium Cost Estimator Tool

The screenshot shows a web browser window with the URL <https://www.mahealthconnector.org/american-rescue-plan>. The page features the Massachusetts Health Connector logo and navigation links: GET STARTED, LEARN, ABOUT, CREATE ACCOUNT, and Sign In. The main heading reads: "Frequently Asked Questions about the American Rescue Plan and Health Coverage through the Massachusetts Health Connector".

The content area includes three paragraphs of text:

- The American Rescue Plan, signed into law in March 2021, delivers new and expanded subsidies to millions of Americans—and hundreds of thousands of people in Massachusetts through the Massachusetts Health Connector—to help lower the cost of their health insurance.
- The financial help available to help pay for insurance through the Affordable Care Act has been increased, which means most people who already get help paying for insurance will get more support, and many people who used to not qualify for help will now see lower monthly premiums.
- The new expanded help paying for health coverage is expected to be available to Massachusetts residents starting in April.

On the right side, there is a blue call-to-action box titled "Do you need health insurance?". It contains the text: "The Health Connector Open Enrollment is extended to May 23, 2021. If you need health coverage, apply today to see if you qualify for free or lower cost coverage like MassHealth, ConnectorCare plans, or a tax credit. Apply by March 23 for coverage that starts April 1." Below this text are two buttons: "APPLY" (green) and "GET HELP" (orange).

At the bottom, there is a section titled "Frequently Asked Questions" with a list of questions:

- ▶ [What is the Health Connector and how can it help my health insurance premiums?](#)
- ▶ [How is the Health Connector lowering premiums for some people?](#)

Below the list, there is a paragraph titled "What is the Health Connector and how can it help my health insurance premiums?". The text reads: "The Massachusetts Health Connector is a state agency that was created to help people access affordable health insurance if they don't get it from their job. The Health Connector also helps people with lower incomes pay for their insurance, including through federal help created by the Affordable Care Act. As the state's official public health insurance marketplace, the Health Connector is the only place where you can get state and federal subsidies that help make health insurance more affordable."
